

Nitrogen Now™ Equipment Facts

THE GREEN MACHINE MOBILE NITROGEN GENERATION MACHINE

Part #75650

- Automatically purge/inflate 1-6 tires simultaneously
- Generates its own nitrogen
- Powered by shop air and 120 Volts
- One-time initial investment (Not including maintenance)
- 1 year Bumper-to-Bumper warranty
- 5 year warranty on Carbon Towers

Add our optional 30-gallon Storage Tank Kit (Part #75651) and the Green Machine can tackle SUV and truck tires of almost any size.

Shown With Optional Storage Tank. Part #75651

MOBILE NITROGEN CART

Nitrogen Purity Testing Unit. Part #74085

- Less than half the cost of the generation machine
- Inflates up to 6 tires simultaneously
- Small footprint and mobile
- Does not require connection to a compressor
- No filter replacements needed
- Base product is certified 99.9% pure Nitrogen
- One-year warranty on electronics

The Mobile Nitrogen Cart offers a mobile solution for Nitrogen tire inflation. All-new software allows the user to purge air from any size tire and re-inflate with Nitrogen while maintaining its accuracy of .3 psi. The Mobile Nitrogen Cart can be used to support both compressed and liquid Nitrogen inflation process.
