

Alternative Dispute Resolution Agencies

In any alternative dispute resolution provision, the agency should be identified. This eases the burden of consumers who wish to take advantage of the ADR in locating and contacting the agency. VADA has identified the following ADR agencies that are available to provide services. There may be others in your locality. You should contact an agency and consider the services available, the costs of services, the convenience of proceedings, and other factors before making your own decision, in conjunction with your legal counsel, about the ADR agency to be named.
